How To Translate Theme

Here are the following steps you need to follow In order to translate the theme language.

1. Head over to the left-hand side panel of the PrestaShop's Dashboard.
2. Now, find an INTERNATIONAL menu which is located right under the **IMPROVE** section.
3. Click on INTERNATIONAL, and you'll see the **Translation** option at last. Click on it, and the **Modify translations** page will open.

4. NOW, select the type of translation, theme, and language, then hit the **Modify** button.
5. A new page will open. Now add the word you want to translate in the search translation (search box).

6. Then, add the translated word (your preferred language) in the checkout box and hit SAVE.

7. That's it, your theme translations have been successfully updated.

CoderPlace(CP) Module Settings

Now you need to configure few modules which will enhance your store and make it look like our live demo.

Go to Modules > Modules & Services, click on Installed modules tab and configure all the modules provided by CoderPlace.
